

**Preliminary**

## Features

- AMD EPYC™ 9004 Series
- 12x DDR5 RDIMM; Max. 384GB
- Up to 8x IBN Module or 4x 3.5" HDD with 4x IBN Module
- 2x 2.5" Internal HDD
- 1x PCI-E FH/FL
- Supports Broadcom RAID controller card 9560-16i

## Specifications

|                       |                                                                                                            |
|-----------------------|------------------------------------------------------------------------------------------------------------|
| CPU                   | AMD EPYC™ 9004 Series (96 Cores, 2.4GHz)                                                                   |
| Chipset               | N/A                                                                                                        |
| Memory                | 12x DDR5 RDIMM 4800MHz, Max. 384GB                                                                         |
| Display               | SKU A: N/A<br>SKU B: 1x LCM<br>1x VGA (via optional IDN101 module)                                         |
| Ethernet              | 1x Intel® I210<br>1x Intel® I226<br>NIC module slots: Max. 8x IBN cards, Max. 64 GbE                       |
| Bypass                | Via IBN module SKU                                                                                         |
| Expansion             | 1x PCI-E 16x slot (4 lane)<br>SKU A: 4x NIC module slot<br>SKU B: 8x NIC module slot                       |
| IPMI                  | Optional                                                                                                   |
| Storage               | 1x M.2 slot (2242 or 2280)<br>1x SATA DOM<br>SKU 1 – 4x 3.5" HDD<br>SKU 2 – 2x 2.5" HDD internal drive bay |
| TPM                   | TPM 2.0                                                                                                    |
| I/O                   | 3x LED (Power / HDD / Status)<br>1x RJ45 console<br>2x Management port<br>2x USB 3.0                       |
| Power Supply          | Full-range 1200W 1+1 Redundant power supply                                                                |
| Dimensions            | 438 mm (W) x 660 mm (D) x 88.5 mm (H)                                                                      |
| Weight                | 21 Kg                                                                                                      |
| Operating Temperature | 0°C ~ 40°C (32°F ~ 104°F)                                                                                  |
| Storage Temperature   | -20°C ~ 70°C (-4°F ~ 158°F)                                                                                |
| Operating Humidity    | 5 ~ 90%                                                                                                    |
| Certification         | CE/FCC                                                                                                     |
